Hi Suzanne

We published the instrument so that folks would use it -- I've attached a copy of the publication. Glad it will help!!

The instrument has fine psychometric properties and I'm sure it will work out well for your research project!

Good luck!

Belle

Good Afternoon Dr. Ragins,
I am a doctoral student at Baylor University in Waco, TX. I am preparing for my proposal, and I have been searching for an instrument. My study is over perceived importance of mentoring functions for aspiring women superintendents in Texas. The survey you developed in 1990 with D. B. McFarlin, The Mentor Role Instrument, would fit well with what I am trying to do. My chair, Dr. Jimmy Williamson, asked me to see if I could get your permission to use your instrument. Would you be available by phone to discuss this? If so, please let me know a good time to call and a phone number. My cell phone is 281-352-3955.
Thank you so much for your time.
Suzanne
