Abstract

Archives and Libraries: At The Museum of Flight

Hanna E. Person, MA

Advisor: Dr. Julie Holcomb

My internship focused on managing materials in both the library and the archive at The Museum of Flight. The library received a grant to process the manual collection and input data into their MARC database. I cleaned, rehoused, cataloged and organized hundreds of manuals. In the archive I began the process of properly archiving the G. Harry Stine collection. I roughly organized the materials and created an accurate inventory. Then I came up with a plan for how the collection would be processed and created an itinerary for how the materials would be organized going forward.
