**Project Description:**

An online exhibit is being created from 155 pieces from the Francis G. Spencer Collection of American Sheet Music. This exhibit will be focusing on music of the silent movies. We would like to record 15 of these pieces for the exhibit. We would also like to perform some of the pieces in a concert format at the project presentation (TBD). Please be aware that all of these pieces are pre-1923 to avoid copyright infringement, and content must be viewed within that context.
